### **DIRECTORS' REPORT**

Your directors submit the financial accounts of the company for the year ended 30 June 2010.

#### **Directors**

The names of the directors who held office during the year, and attendance at meetings are:

	<b>Eligible</b>	<b>Attended</b>	<b>Apologies</b>
Tony STALEY	6	5	1
Kimberley HEITMAN (Deputy Chair)	6	6	0
Cheryl LANGDON-ORR	6	6	0
Joshua ROWE	6	6	0
Julie HAMMER	6	6	0
Marty DRILL	6	6	0
Chris DISSPAIN	6	6	0
Amin KROLL	6	5	1
Tony STEVEN (Resigned 19/10/2009)	2	2	0
Alex WOERNDLE (Resigned 19/10/2009)	2	2	0
Graham MCDONALD	6	6	0
Dwayne VAREY	6	6	0
Rosemary SINCLAIR (Appointed 20/10/2009)	4	3	1
George PONGAS (Appointed 20/10/2009)	4	3	1

#### **The Hon Tony Staley AO - Chair**

Tony Staley has been independent Chair of the auDA Board since 2001.

He spent a decade in the Australian Parliament, including three years as Minister for Post and Telecommunications before pursuing a career in the private sector. He has been Chairman or Director of a variety of companies and organisations, including Mitsubishi Motors, Ogilvy and Mather, Alexander Stenhouse, National Museum of Australia, Playbox Theatre, the Telecommunications Industry Ombudsman Council, the Liberal Party of Australia, Energy and Water Ombudsman Board, Partners in Performance International and the Co-operative Research Centre's Association.

Mr. Staley graduated in law and political science from the University of Melbourne, where he also lectured in Australian Government.

#### **Kimberley Heitman - Deputy Chair**

Kimberley Heitman is the University Lawyer and Director of Legal Services at the University of Western Australia, and has worked in the higher education sector for 10 years. Kimberley was a founding Board Member of auDA and has been Deputy Chair since 2002, serving on several standing committees and panels.

Admitted to legal practice in 1982, he is a barrister and solicitor, Director and consultant. Kimberley lectures and consults on Internet regulation, e-commerce and risk management and is the Central/Western Convenor of the Society of University Lawyers. Kimberley is married with five children and resides in Perth.

#### **Air Vice-Marshal Julie Hammer AM, CSC**

Air Vice-Marshal Julie Hammer, an Electronics Engineer, served in the Royal Australian Air Force for over 28 years in the fields of aircraft maintenance, technical intelligence, electronic warfare, and information and communications technology systems.

## **.au Domain Administration Limited**

### **[A Company Limited by Guarantee]**

**079 009 340**

She acted as the Chief Information Officer for Defence for the year prior to her retirement. She holds a Bachelor of Science with Honours in Physics, a Masters degree in Aerosystems Engineering, a Graduate Diploma in Strategic Studies and a Doctor of Engineering Honoris Causa. She was National President of Engineers Australia throughout 2008 and has been a Director of auDA since April 2007.

#### **Graham McDonald**

Graham McDonald has practiced law for 40 years. He has been a Presidential Member of the Federal Administrative Appeals Tribunal for the last 20 years during which time he has also served as the inaugural Australian Banking Ombudsman and as Chairman of the Superannuation Complaints Tribunal. Graham has extensive experience as a partner in legal firms, as a barrister and has held a number of State and Federal Government appointments.

#### **Marty Drill**

Marty Drill has been a Director of the auDA Board for nearly four years. He is passionate about the industry and the Internet. Marty was a Director of Domain Candy, an accredited registrar, for eight years and sold his interest in the business in 2009. Marty is the CEO of Get Started, one of Melbourne's premier web design firms, a company he established in 1999.

Marty has several years experience as a Director, including being on the Board of the online fruit and vegetable business Eatfresh and the investment company Opportunity Junkies. Marty is passionate about giving back to the community and is a Director of the charity sponsorship website Online Giving.

#### **Amin Kroll**

With much experience in the web services industry in Australia, Amin Kroll was appointed to the auDA Board in October 2007 and is now serving in his second term. Amin is General Manager of Hostway Corporation in Australia and within that role is part of the Executive Lead Team. He has broad international experience also spearheading the establishment of an operation in Ho Chi Minh City, Vietnam.

Previously the founder and CEO of IntaServe Pty Ltd (since acquired by Hostway), Amin has an Executive MBA from the *Macquarie Graduate School of Management* and has represented Australia internationally (Under 21) for Team European Handball.

#### **Cheryl Langdon-Orr**

Cheryl was elected to the auDA Board for a third term of office in the Demand Class stakeholder category in October 2008. Previously, she worked on several auDA Policy Advisory Panels, and is currently serving a third term as Chair of the ICANN At-Large Advisory Committee (ALAC).

Cheryl represents the Internet Society of Australia (ISOC-AU) as an ICANN accredited At-Large Structure (ALS) in ICANN's Asia Pacific Regional At-Large Organisation (APRALO) and APRALO in the ALAC, until late 2011. As Chair of the ALAC, Cheryl was also appointed to serve on the first Affirmation of Commitment's Review Team for ICANN looking at Accountability and Transparency.

#### **George Pongas**

George Pongas has been involved with the Australian domain industry since 2003. During this time he has managed seven accredited registrars, formally holding the position as CEO at Domain8 and Domain Candy, and more recently Business Development Manager for Fabulous.com.au.

George is an active and visible industry member, having participated on auDA Panels, as well as attending a number of international ICANN conferences.

Recently appointed as .au Services Manager at AusRegistry (the .au ccTLD Registry Operator), George will continue to apply his commercial sensibility, and extensive industry experience to ensure the delivery of a valuable Supply Class perspective for the Australian domain industry.

#### **Joshua Rowe**

Josh Rowe is an active participant in the debate of Australian and global domain name governance, with over 18 years experience with the Internet and domain name issues. Josh has recently completed post graduate research on the usability of domain names and is a staunch consumer advocate within the Australian domain name industry.

## **.au Domain Administration Limited**

### **[A Company Limited by Guarantee]**

**079 009 340**

Currently working with Australia Post to manage the corporation's development of its digital strategy, Josh is focused on ways to best use the Internet to improve Australia Post's business.

#### **Rosemary Sinclair**

Rosemary Sinclair is the Managing Director of the Australian Telecommunications Users Group (ATUG), a self-funded not-for-profit organisation focused on communications service issues affecting business and government organisations.

In addition to her role on the auDA Board, Rosemary has also participated in an extensive range of committees, councils and organisations, including the Australian Government's National Broadband Development Group, Teleworking Taskforce, and Broadband Advisory Group, the Australian Communications Industry Forum and the National ICT Industry Alliance. Rosemary is also a Council Member of ICANN's Generic Names Supporting Organisation.

Rosemary studied arts and law at the University of Sydney before going on to complete a Bachelor of Business and her Masters in Commerce from the University of NSW.

#### **Dwayne Varey**

Dwayne Varey has over 12 years experience as an electrician/electronics technician within the Australian Defence Force and a further 10 years experience in the hosting, internet and telecommunications industries. Dwayne has worked under many management roles with Westnet and iiNet.

Currently Dwayne is the Operations Manager at iiNet Ltd and has been on the auDA Board as a Supply Member since October 2008.

#### **Chris Disspain**

Chris was appointed CEO of auDA in October 2000. Under his guidance, auDA has become self-funding, introduced competition into the domain name market in .au, simplified the policy regime and introduced an industry code of practice.

Chris is the Chair of ICANN's Country Code Name Supporting Organisation, a body that represents the interests of and sets global policy and best practice for country code top level domains.

He is also a member of the United Nations Secretary General's Internet Governance Forum Multi-stakeholder Advisory Group.

#### **Principal Activities**

The principal activities of the company in the course of the year were:

Management of .au Domain name space.

No significant change in the nature of these activities occurred during the year.

The entity's short term objectives are:

- Ensure stability and security of internet .
- Demonstrate the value and validity of the industry self regulatory model.
- Maintain the .au brand as an indicator of quality to Australian consumers operating in a global marketplace.
- Development and monitoring of policy breaches in an ever more sophisticated environment.

The entity's long term objectives are:

- Managing risks associated with industry business failure.
- Managing the increase in demand for IPv6 addresses due to the global exhaustion of IPv4 address space.
- Maintain a structure that allows auDA to remain relevant to stakeholders in a changing industry environment.

# **.au Domain Administration Limited**

## **[A Company Limited by Guarantee]**

**079 009 340**

To achieve these objectives, the entity has adopted the following strategies:

- Strengthen industry engagement by developing and implementing support services for Registrars to make it easier for them to understand and meet their regulatory obligations.
- Through the auDA Foundation, to continue to promote education and research activities that will enhance the utility of the internet for the benefit of the Australian community.
- Participate in international internet fora activities.
- Strengthen knowledge management and implement succession and capacity planning.

### **Members' Guarantee**

In accordance with clause 7 of the Constitution of the company, each member has undertaken to contribute towards the assets of the company an amount of one hundred dollars (\$100) in the event the company is wound up whilst they are still a member or within one year after they cease to be a member. As at 30 June 2010, the company had 111 members.

### **Significant Changes in State of Affairs**

No significant changes in the company's state of affairs occurred during the financial year, other than the return of .au community domain operations back into the company.

### **After Balance Date Events**

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the company, in subsequent financial years.

### **Benefits under contracts with Directors**

No director has received or become entitled to receive, during or since the financial year, a benefit because of a contract made by the company or a related body corporate with the director, a firm of which the director is a member or an entity in which the director has a substantial interest.

This statement excludes a benefit included in the aggregate amount of emoluments received, or due and receivable, by directors as shown in the company's financial accounts for the financial year or the fixed salary of a full-time employee of the company or a related body corporate.

### **Indemnifying Officer or Auditor**

The company has not, during or since the financial year, in respect of any person who is or has been an officer or auditor of the company or of a related body corporate:

\* indemnified or made any relevant agreement for indemnifying against a liability incurred as an officer or auditor, including costs and expenses in successfully defending legal proceedings.

Signed in accordance with a resolution of the Board of Directors:

Director \_\_\_\_\_

Chris DISSPAIN

Director \_\_\_\_\_

Kimberley HEITMAN

### **NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2010**

#### **Note 1 Statement of Significant Accounting Policies**

These financial statements and notes represent those of .au Domain Administration Limited.

#### **Basis of Preparation**

.au Domain Administration Limited has elected to early adopt the pronouncements AASB 1053: Application of Tiers of Australian Accounting Standards and AASB 2010-2: Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements for the annual reporting period beginning 1 July 2009.

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements of the Australian Accounting Standards Board and the *Corporations Act 2001*.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Material accounting policies adopted in the preparation of the financial statements are presented below and have been consistently applied unless otherwise stated.

The financial statements have been prepared on an accruals basis and are based on historical costs, modified where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

#### **Critical Accounting Judgements and Key Sources of Estimation Uncertainty**

In the application of the Group's accounting policies, which are described throughout this note, management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

#### **Accounting Policies**

##### **(a) Revenue**

Revenue from the sale of goods is recognised upon the delivery of goods to customers.

Grant revenue is recognised in the income statement when the entity obtains control of the grant and it is probable that the economic benefits gained from the grant will flow to the entity and the amount of the grant can be measured reliably.

If conditions are attached to the grant which must be satisfied before it is eligible to receive the contribution, the recognition of the grant as revenue will be deferred until those conditions are satisfied.

When grant revenue is received whereby the entity incurs an obligation to deliver economic value directly back to the contributor, this is considered a reciprocal transaction and the grant revenue is recognised in the balance sheet as a liability until the service has been delivered to the contributor, otherwise the grant is recognised as income on receipt.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

All revenue is stated net of the amount of goods and services tax (GST).

## [A Company Limited by Guarantee]

079 009 340

### NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2010

#### (b) Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair values as indicated, less, where applicable, accumulated depreciation and impairment losses.

##### Plant and equipment

Plant and equipment are measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

Plant and equipment that have been contributed at no cost, or for nominal cost, are valued and recognised at the fair value of the asset at the date it is acquired.

##### Depreciation

The depreciable amount of all fixed assets including buildings and capitalised lease assets, but excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the entity commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Plant and equipment	20%
Computers	25%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

An asset carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the income statement. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

#### (c) Financial Instruments

##### Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Company commits itself to either purchase or sell the asset (ie trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transactions costs except where the instrument is classified 'at fair value through profit or loss' in which case transaction costs are expensed to profit or loss immediately.

##### Classification and Subsequent Measurement

Financial instruments are subsequently measured at either fair value, amortised cost using the effective interest rate method or cost. Fair value represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as (i) the amount at which the financial asset or financial liability is measured at initial recognition (ii) less principal repayments (iii) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest method; and (iv) less any reduction for impairment.

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that exactly discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

**.au Domain Administration Limited**

**[A Company Limited by Guarantee]**

**079 009 340**

**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2010**

**(i) Loans and receivables**

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

**(d) Impairment of Assets**

At each reporting date, the entity reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the Income Statement.

Where the future economic benefits of the asset are not primarily dependent upon on the asset's ability to generate net cash inflows and when the entity would, if deprived of the asset, replace its remaining future economic benefits, value in use is determined as the depreciated replacement cost of an asset.

Where it is not possible to estimate the recoverable amount of an asset class, the entity estimates the recoverable amount of the cash-generating unit to which the class of assets belong.

Where an impairment loss on a revalued asset is identified, this is debited against the revaluation reserve in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation reserve for that same class of asset.

**(e) Employee Benefits**

Provision is made for the entity's liability for employee benefits arising from services rendered by employees to Balance Sheet date. Employee benefits expected to be settled within one year together with benefits arising from wages, salaries and annual leave which may be settled after one year, have been measured at the amounts expected to be paid when the liability is settled. Other employee benefits payable later than one year have been measured at the net present value.

Contributions are made by the entity to an employee superannuation fund and are charged as expenses when incurred.

**(f) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at-call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

**(g) Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense. Receivables and payables in the Balance Sheet are shown inclusive of GST.

Cash flows are presented in the Cash Flow Statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

**(h) Income Tax**

No provision for income tax has been raised as the entity is exempt from income tax under Div 50 of the *Income Tax Assessment Act 1997*.

**(i) Provisions**

Provisions are recognised when the entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at reporting date.

**(j) Comparative Figures**

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

**.au Domain Administration Limited**

**[A Company Limited by Guarantee]**

**079 009 340**

**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2010**

**(k) Critical Accounting estimates and judgments**

The directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

**Key Estimates**

**(a) Impairment**

The company assesses impairment at each reporting date by evaluation of conditions and events specific to the company that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

**.au Domain Administration Limited**

**[A Company Limited by Guarantee]**

**AUDITOR'S INDEPENDENCE DECLARATION UNDER S 307C OF  
THE CORPORATIONS ACT 2001**

I declare that, to the best of my knowledge and belief, during the year ended 30 June 2010 there have been:

- (i) no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit;  
and
- (ii) no contraventions of any applicable code of professional conduct in relation to the audit.
