Erhan Karabardak – Supply Class Director

Erhan Karabardak is an IT & T lawyer and Registered Trade Marks Attorney. He is a Director of Cooper Mills Lawyers and has been practising law for 17 years. Erhan has been involved in the domain name industry for over a decade. He acts for .au registrars and resellers, and has advised some of the world's largest domain name registrars. He is regularly engaged to provide expert advice and commentary on domain name issues. Erhan has been an auDA Director since 2012, and has served on numerous auDA Panels since 2004, including the 2010 Names Policy Panel and the 2012 Industry Advisory Panel.

Joe Manariti – Supply Class Director

In 1996, Joe founded SWIM Communications, a digital agency practising in website development, eCommerce, video for web and social media. Earlier, Joe was a manager with Fairfax at both The Age and Business Review Weekly. Joe also serves as Vice Chairman of the Australian Web Industry Association (AWIA). He is passionate about web industry best practise and next gen development.

George Pongas – Supply Class Director

George Pongas has been actively involved with the Australian domain industry since 2003. In his current position, George is the General Manager of Naming Services at Bombora Technologies, the parent company of AusRegistry, the appointed .au 2LD Registry Operator. In the past, he has held CEO and other senior positions at established Registrars, playing a valuable leadership role in shaping the .au retail sector in its formative years. Over the period, George has been an active and visible industry member, participating on every auDA panel since 2007, as well as many working groups. He has a determined focus towards policy development and reforms, to address the impact of the ever-changing Internet landscape for Australian Internet users.

Kartic Srinivasan – Supply Class Director

Kartic has extensive experience in the domain industry and was elected to the auDA Board in October 2011. Kartic is the General Manager for Enterprise Sales (Australia) and Global Operations of Melbourne IT Ltd. Kartic was part of the 2007 Names Policy Panel which recommended relaxing the transfers policy. Kartic holds a Masters in Information Technology and Bachelor of Engineering (Electronics & Communications).

Stuart Benjamin – Demand Class Director

Born and raised in Regional Victoria, Stuart studied and worked around Australia before settling in Ballarat to start a family. With his wife Naomi, he has four children and runs a business group operating across the State. Stuart is currently a Director of Elmstone Property Group, Aviation Accommodation Australia and Ballarat Regional Tourism, Chairman of Regional Development Australia Grampians, a Board member of Enterprising Communities Inc.

Cheryl Langdon-Orr - Demand Class Director

Cheryl was elected to the auDA Board for a fifth term in Demand Class in October 2012. Previously, she worked on several auDA policy Advisory Panels. Until late 2011, Cheryl represented the Internet Society of Australia, an ICANN accredited At-Large Structure in the Asia Pacific Regional At-Large Organisation (APRALO) and APRALO in the At-Large Advisory Committee (ALAC). She served as the Chair of the ALAC for three terms, from 2007–2010, and Vice Chair in 2011. Since then, she has been the ALAC liaison to ICANN's Country Code Name Supporting Organisation Council (ccNSO) 2011-2013. Cheryl was also appointed to ICANN's first Accountability and Transparency Review Team in 2010, and in 2013 served on the ICANN Nominating Committee as Chair Elect and as the Chairman of this Committee in 2014.

Paul Levins – Demand Class Director

Paul is President, Intellectual Ventures for Australia and New Zealand and also manages the monetisation program across all of Intellectual Ventures Asian offices.

Previously he was Executive Officer and Vice President at ICANN, where he took a leading role in negotiating ICANN's Affirmation of Commitment with the US Government. Prior to joining ICANN, Paul was General Manager, Operations and Corporate Affairs at Bilfinger Berger Australia, and also worked as a corporate affairs manager for Telstra Corporation. Paul has substantial public sector policy experience having been an adviser and Chief of Staff to Australian Federal and State Government Ministers. Paul is also a director of the ANZAC Medical Research Institute.

Joshua Rowe - Demand Class Director

Josh is the CEO of realAs - a free web site and app that helps home buyers and property investors find their next home. Josh is a digital entrepreneur who is passionate about eCommerce. Josh has been helping businesses – like Australia Post, Tarazz and Medibank – improve their performance by using the Internet, for over 20 years.

Chris Disspain – CEO and Director

Chris was appointed CEO of auDA in October 2000. Under his guidance, auDA has become self-funding, introduced competition into the domain name market in .au, simplified the policy regime and introduced an industry code of practice. From its foundation in June 2004 until March 2011, Chris was the Chair of ICANN's ccNSO, a body that represents the interests of and sets global policy and best practice for ccTLDs. In June 2011 he became a Board Member of ICANN. From 2006 until 2013 he was a member of the UN Secretary General's IGF Multi-stakeholder Advisory Group.

Jo Lim – Company Secretary

Jo Lim is auDA's Company Secretary and Chief Operations and Policy Officer. She has been with auDA since 2001, and in that time, she has been primarily responsible for managing the policy and regulatory framework for the .au domain. Jo has previous experience in government policy work on communications and IT issues, including a stint as ministerial adviser. Jo was also a member of the taskforce that drafted the *Telecommunications Act 1997*, to facilitate open competition in the Australian telecommunications market. Jo holds a Bachelor of Laws and Bachelor of Arts (Hons) from the University of Melbourne, and Diplomas in Management and Business from Swinburne University.

Principal Activities

The principal activities of the company in the course of the year were:

Management of .au Domain name space.

No significant change in the nature of these activities occurred during the year.

The entity's short term objectives are:

- Ensure stability and security of internet .
- Demonstrate the value and validity of the industry self regulatory model.
- Maintain the .au brand as an indicator of quality to Australian consumers operating in a global marketplace.
- Development and monitoring of policy breaches in an ever more sophisticated environment.

The entity's long term objectives are:

- Managing risks associated with industry business failure.
- Managing the increase in demand for IPv6 addresses due to the global exhaustion of IPv4 address space.
- Maintain a structure that allows auDA to remain relevant to stakeholders in a changing industry environment.

To achieve these objectives, the entity has adopted the following strategies:

- Strengthen industry engagement by developing and implementing support services for Registrars to make it easier for them to understand and meet their regulatory obligations.
- Through the auDA Foundation, to continue to promote education and research activities that will enhance the utility of the internet for the benefit of the Australian community.
- Participate in international internet fora activities.
- Strengthen knowledge management and implement succession and capacity planning.

**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014**

Note 1 Statement of Significant Accounting Policies

These financial statements and notes represent those of .au Domain Administration Limited.

Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements of the Australian Accounting Standards Board and the *Corporations Act 2001*.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Material accounting policies adopted in the preparation of the financial statements are presented below and have been consistently applied unless otherwise stated.

The financial statements have been prepared on an accruals basis and are based on historical costs, modified where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Critical Accounting Judgements and Key Sources of Estimation Uncertainty

In the application of the entity's accounting policies, which are described throughout this note, management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

Accounting Policies

(a) Revenue

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial rate financial assets is the rate inherent in the instrument.

All revenue is stated net of the amount of goods and services tax (GST).

(b) Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair values as indicated, less, where applicable, accumulated depreciation and impairment losses.

Plant and equipment

Plant and equipment are measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

Plant and equipment that have been contributed at no cost, or for nominal cost, are valued and recognised at the fair value of the asset at the date it is acquired.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

Depreciation

The depreciable amount of all fixed assets including buildings and capitalised lease assets, but excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the entity commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Plant and equipment	20%
Computers	25%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

An asset carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the income statement. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

(c) Financial Instruments

Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Company commits itself to either purchase or sell the asset (ie trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transactions costs except where the instrument is classified 'at fair value through profit or loss' in which case transaction costs are expensed to profit or loss immediately.

Classification and Subsequent Measurement

Financial instruments are subsequently measured at either fair value, amortised cost using the effective interest rate method or cost. Fair value represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as (i) the amount at which the financial asset or financial liability is measured at initial recognition (ii) less principal repayments (iii) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest method; and (iv) less any reduction for impairment.

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that exactly discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

(i) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

.au Domain Administration Limited

[A Company Limited by Guarantee]

079 009 340

**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014**

(d) Impairment of Assets

At each reporting date, the entity reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the Income Statement.

Where the future economic benefits of the asset are not primarily dependent upon on the asset's ability to generate net cash inflows and when the entity would, if deprived of the asset, replace its remaining future economic benefits, value in use is determined as the depreciated replacement cost of an asset.

Where it is not possible to estimate the recoverable amount of an asset class, the entity estimates the recoverable amount of the cash-generating unit to which the class of assets belong.

Where an impairment loss on a revalued asset is identified, this is debited against the revaluation reserve in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation reserve for that same class of asset.

(e) Employee Benefits

Provision is made for the entity's liability for employee benefits arising from services rendered by employees to Balance Sheet date. Employee benefits expected to be settled within one year together with benefits arising from wages, salaries and annual leave which may be settled after one year, have been measured at the amounts expected to be paid when the liability is settled. Other employee benefits payable later than one year have been measured at the net present value.

Contributions are made by the entity to employee superannuation funds and are charged as expenses when incurred.

(f) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at-call with banks, other short-term highly liquid investments with original maturities of six months or less, and bank overdrafts.

(g) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense. Receivables and payables in the Balance Sheet are shown inclusive of GST.

Cash flows are presented in the Cash Flow Statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(h) Income Tax

No provision for income tax has been raised as the entity is exempt from income tax under Div 50 of the *Income Tax Assessment Act 1997*.

(i) Provisions

Provisions are recognised when the entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at reporting date.

(j) Comparative Figures

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

(k) Critical Accounting estimates and judgments

The directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

Key Estimates

(a) Impairment

The company assesses impairment at each reporting date by evaluation of conditions and events specific to the company that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF .AU DOMAIN ADMINISTRATION LIMITED

We have audited the accompanying financial report of .au Domain Administration Ltd, which comprises the statement of financial position as at 30 June 2014 and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of significant accounting policies and other explanatory notes and the directors' declaration.

The responsibility of the Directors for the Financial Report

The directors of the company are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, provided to the directors of .au Domain Administration Ltd on 30 June 2014, would be in the same terms if provided to the directors as at the date of this auditor's report.

Auditor's Opinion

In our opinion, the financial report

- a.) gives a true and fair view of the financial position of .au Domain Administration Ltd as of 30 June 2014, and of its financial performance and its cash flows for the year then ended.
- b.) Complies with Australian Accounting Standards – Reduced Disclosure Requirements and the Australian Accounting Standards (including Australian Accounting Interpretations) as described in Note 1 and the *Corporations Act 2001*.
